

# NEWS FROM ABERNETHY BARCAPLE

**ABERNETHY**  
LIVE THE ADVENTURE

**Here at Abernethy Barcaple we have spent the winter months working hard to give you some new options when you bring your group to stay. We wanted to share our developments with you...**

We are delighted that we have registered to deliver the John Muir Award with visiting groups. We would very much like to include this great scheme in your activity programme and will be in touch soon to discuss this with you. For more information visit the schools section on our website where you will find a link to the John Muir Award site as well as a downloadable pdf of their leaflet.

We have our first Leadership through Adventure group visiting in February. This course, run by the Abernethy team, helps High School students to develop their teamwork and leadership skills and also focuses on the need for feedback and evaluation, offering different suggestions of how this might happen. For more information on this course call the Centre or download the leaflet in the downloads section at the top of the homepage on our website.

We are pleased to be able to add Crate Climbing to our list of available activities. This activity has been very popular at some of the other Abernethy Centres and is a fun challenge for Primary and High School aged children.

We have been busy building a new abseil platform—these photos shows work in progress... We have also extended our challenge course.

We currently have a great special offer for Boys' Brigade groups. If the Company books any weekend in August we can offer 2 nights and one full activity day at the reduced price of £73 per person. If you are interested in this or know someone who is then please call the Centre today—places are limited.
