### Packing Tips!

- Make sure your belongings are clearly named where possible.
- Bring plenty of warm layers suitable for the time of year.
- Don't bring more belongings than you can manage to carry yourself—there are no porters at Abernethy!
- Tick items off as you pack them, and bring this list with you so that you have a record of what you have brought. This will help you pack again for returning home.
- Don't get someone to pack your bag for you—make sure you lend a hand so you know what you have with you.

### What to leave at home

We ask that you DO NOT bring expensive electronic devices with you.
